

RAC120

Specifications:

- UL Recognized.
- CSA Approved.
- 120VAC operation.
- Coil draws 30mA.
- 10 amp/120VAC/28VDC or 10 amp/277VAC DPDT contacts.
- DIN Rail mountable.

Dimensions: 2.7”L x 1.375”W x 2.375”H

RAC24

Specifications:

- UL Recognized.
- CSA Approved.
- 24VAC operation.
- Coil draws 50mA.
- 10 amp/120VAC/28VDC or 10 amp/277VAC DPDT contacts.
- DIN Rail mountable.

Dimensions: 2.7”L x 1.375”W x 2.375”H

Installation Instructions:

1. Mount RAC120 or RAC24 in desired location.
2. Plug relay into base.
3. Relay will activate when coil terminals marked [7 & 8] are energized.
Note: Match input voltage with relay coil rating.
4. Use output contacts to make and break load circuits.
